Catholic Action Principles

Share the Credit

If you organize a group to clean up a park, let everyone enjoy the thank you. If your sports team wins a competition or makes a good showing, be proud, step back and let everyone walk around with the trophy.

If your sales team meets its objectives or if your customer service department solves a tough problem, take everyone out to lunch. Let everyone laugh.

As a leader, your greatest satisfaction should come from seeing the people in your team, department or company succeed. Share the credit and experience the camaraderie. You know who you are. Let others flow in the feeling of accomplishing a mutual goal. Be enthusiastic for others. Acknowledge exceptional work. Encourage cooperation. Your reward will be many friends.

Are we ready to say, "Yes, we can do more. Yes, we can give more"?

-Bill FitzPatrick, The Catholic Action Principles

Nurses Notes

February is Heart Health Month

When too much cholesterol is in the blood, it builds up in the wall of the arteries, causing a process called atherosclerosis, a form of heart disease. This process causes narrowing of the arteries which then causes decreased blood flow to the heart. The blood carries blood oxygen to the heart and if there is insufficient blood and oxygen to the heart you may get chest pain. If the blood and oxygen supply is completely shut off this is called a heart attack.

There are 2 forms of cholesterol that most of us in the US are familiar with. 1) **LDL** is the **BAD** cholesterol. It is the main source of artery clogging plaque. The **good** cholesterol is called **HDL**. It actually clears cholesterol from the blood.

Recommendations

Ask your doctor how often you should be screened.

What do my results mean?

Total cholesterol should be < 200
borderline high is from 200-239
high is > 240

LDL cholesterol < 100 is optimal
100-129 is near optimal
130-159 is borderline high
160-189 is high
190 and above is very high

Note

If you have a condition such as Diabetes or if you have a heart condition or have already had a heart attack your recommendations may be stricter.

HDL : < than 40 is major risk factor and this increases your risk for heart disease. > 60 is desirable. This helps to decrease your risk for heart disease.

PLEASE- Remember to use the phone in the office or at the AV area in the hall and not a cell phone to call 911. Your cell phone will reach Sacramento CHP and precious time will be wasted. *Your Health Ministry Team*

Teen Ministry Car Wash

Teen Ministry has 13 Teens and 8 Adults attending Youth Day in Anaheim in March. Youth Day has over 20,000 Teens who attend from all over the world every year. This is the 3rd year we've taken Teens to this event. The Teens who have been actively participating in the Parish and Teen Ministry are the ones who are attending. To raise funds for this, we are having 2-3 Car Washes (Weather Permitting) from 8:15AM-12:00PM on February 13th, 27th and on March 6th in the parking lot in front of the Chapel. We appreciate your support of this fund raiser.

Celebration of the Sacrament of the Sick

"Is there anyone sick among you? Let him send for the presbyters of the church and let them pray over him, anointing him with oil in the name of the Lord. The prayers of faith will save the sick man and the Lord will raise him up. If he has committed any sins, they will be forgiven him." James 5:14-15

The Sacrament of the Sick is for all who are suffering from physical or mental illness, for those who will be undergoing surgery or elderly people who have become notably weakened even though no serious illness is present. Please join us on **Saturday, February 26th at 11:00 AM** in the CLC for Mass and anointing of the sick. Hospitality to follow.
