Lent Days of Fast and Abstinence

Good Friday is a day of both fast and abstinence.

Fridays in Lent are obligatory days of complete abstinence (from meat) for all who have completed their 14th year. **Good Friday** is an obligatory day of fast and abstinence. Fasting is obligatory for all who have completed their 18th year and have not yet reached their 60th year. Fasting allows a person to eat one full meal. Two smaller meals may be taken, not to equal one full meal. Abstinence (from meat) is obligatory for all who have reached their 14th year.

"No one should be scrupulous in this regard; failure to observe some penitential day is not considered serious; rather it is failure to observe any penitential days at all or a substantial number of such, which is considered serious." -U.S. Bishops Conference

Los Viernes de Cuaresma obliga a no comer carne desde los 14 años de edad. **Viernes Santo** esta día obligatorio de ayuno y abstinencia. Abstinencia de comer carne es obligación desde los 14 años de edad. *"Nadie debe ser escrupuloso si no puede cumplir con algo en día de penitencia, no es considerado serio; mejor dicho si no puede cumplir con ninguna penitencia entonces si es considerado serio"* -U.S. Bishops Conference

esta semana CRS Rice bowl nos lleva a las tierras altas de café de Nicaragua, donde nos llaman para proteger tanto la bondad de la creación y el sustento de familias que luchan. ¿Cómo nos recordará el ayuno de esta semana de la santidad de la creación de Dios y nuestro deber de protegerlo?

## SERVE

### STEWARDSHIP THOUGHT

Abraham was prepared to sacrifice his only son, Isaac. St. Paul reminds us that God Himself "did not spare his own Son." Are my gifts to the Lord – of my resources, of my time, of myself – also sacrificial?

### PENSAMIENTO ADMINISTRATIVO

Abraham estaba dispuesto a sacrificar a su único hijo, Isaac. San Pablo nos recuerda que Dios mismo "no escatimó a su propio hijo." ¿Son mis regalos al señor – de mis recursos, mi tiempo, de mí mismo – también sacrificial?

### OFRENDAS DE LA SEMANA

En el pasado la parroquia iba a publicar las ofertas semanales y compararlas con un monto presupuestado, basado en "Ofrendas parte justa."

La publicación de esta información fue suspendido por recomendación de la diócesis debido a una serie de robos que se han producido en algunos las parroquias de la Diócesis.

Sus ofrendas semanales son muy importantes a la parroquia con el fin de cumplir con nuestras responsabilidades operativas. Pedimos que cada feligrés continuar en oración consideren una oferta consistente que ayude en el cumplimiento de esas responsabilidades. Su generosidad es su retorno al Señor todo el bien para ti.

### WEEKLY OFFERING

In the past the parish would publish the weekly offerings and compare them to a budgeted amount, based on "Fair Share Offerings."

The publishing of this information was discontinued at the recommendation of the Diocese due to a number of burglaries that have occurred at some parishes in the Diocese.

Your weekly offerings are very important to the parish in order to meet our operational responsibilities. We ask that each parishioner continue to prayerfully consider a consistent offering that will assist in meeting those responsibilities

Your generosity is your return to the Lord for his goodness to you. Make an investment in the reign of God today!

### *Nurses Notes:*

#### Doctor visits and family history

##### **Q: What is family history?**

**A:** Family history refers to health information about you and your close relatives. Family history is one of the most important risk factors for health problems like heart disease, stroke, diabetes and cancer. (A risk factor is anything that increases your chance of getting a disease.)

##### **Q: Why is knowing my family history important?**

**A:** Family members share their genes, as well as their environment, lifestyles and habits. A family history helps identify people at increased risk for disease because it reflects both a person's genes and these other shared risk factors.

##### **Q: How can knowing my family history help lower my risk of disease?**

**A:** You can't change your genes, but you can change behaviors that affect your health, such as smoking, inactivity and poor eating habits. People with a family history of chronic disease may have the most to gain from making lifestyle changes. In many cases, making these changes can reduce your risk of disease even if the disease runs in your family.

### Kaleidoscope Krockpot Brigade

Perhaps you saw the beautiful article in the February 6 Discovery Bay Press about our Krockpot Brigade. Thanks to Linea Jessup for her attention to this wonderful service that has been going for 11 years. Sharon Bonney, the Hospitality Director, gives us more details about how you can lend a much needed hand.

#### Cooks Needed

The Krockpot Brigade is in desperate need of additional cooks to serve our families going through chemo and radiation treatments. The Brigade is one of the oldest programs of Kaleidoscope and it has served over 5000 meals in the last 11 years. Over the years it has had an average of 30 to 40 cooks on the cooks list with 20 cooks active at any time. Currently we have 20 cooks with less than half of them actively cooking. We have four families receiving meals each week and we are having a hard time filling all the available dates.

If you have been a cook previously, if you thought you might like to cook but just never acted on that thought, if you know of friends or acquaintances who might want to cook, now is the time to step up and volunteer. You will be welcomed to our team with joyous hearts and your heart will swell with the love and appreciation you will receive from the families.

Every month, Margory Soltani, the Krockpot Brigade Coordinator, sends an email listing the families we serve and the dates we need cooks. You request your preferred family and the dates you want to cook. Margory will assign you those dates if you are the first to ask for that date. If not, she will contact you with other available dates still unfilled and you can select from that list. Cooking at least once a month would be very helpful right now, but you decide how often you want to cook and for which family or families.

You may contact Sharon Bonney ([sdbonney3@yahoo.com](mailto:sdbonney3@yahoo.com)) or Margory Soltani ([margorykarla@hotmail.com](mailto:margorykarla@hotmail.com)) to answer any questions or to sign up to cook.

Bon Appetit!

### Shepherd Field Olive Wood Handcrafts

A group from the Holy Land (Bethlehem & Jerusalem) will be selling religious articles after masses to support the Catholic Christian minorities in Bethlehem. As a tradition, many of the Catholic families in the Holy Land work in small workshops to produce religious articles from olive wood. These articles represent the Christian art of the Holy Land. In the past, they used to sell their artwork to pilgrims who visit the Holy Land. However, these days they are facing an economic hardship as very few tourists visit the Holy Land due to security issues. Many of the Catholic families immigrated and left the Holy Land. The percentage of Christians in the Holy Land has dropped to less than 2%. Therefore, if this hardship continues as it is now, we believe that in a few years, there will be no Catholics in Bethlehem or Jerusalem. The struggle to preserve the Catholic identity of the birth place of our savior, Jesus Christ is a serious concern for Catholics around the world. Sales will be used to help and support the Catholics in the Holy Land and to encourage them not to immigrate.
