## Our Catholic Life—the Mystery of God

We invite all adults to come and join us as we explore the foundations of our Catholic faith. We will use Scripture and the Catechism of the Catholic Church as we will pray, study, share, and reflect on our vocations as Christians. Our program will be facilitated by Fr. Ron. The material was developed by Bill Huebsch. He is a leader in adult faith formation and our material is presented in accessible language for all. We will begin by considering the human heart. It is in our hearts that we find the longing that leads to faith. And we find that being with God is the only way to happiness. We will meet twice monthly between January and March.

### Nurses Notes

#### ALLERGIC ASTHMA

Asthma is a narrowing of the airways with inflammation. You may be familiar with the signs and symptoms of shortness of breath, wheezing and or coughing.

#### Treatment

First avoid triggers such as pet danders, pollens from trees and plants. 2nd, make an appointment to see your provider. Your provider may refer some patients to an allergist to assess for specific allergens. 3rd your provider will prescribe inhalers and or allergy medications.

#### How to use your inhalers properly.

Your provider may prescribe inhalers. The first being a bronchodilator like albuterol or ventolin to relax the muscles of the airway. These are taken to relieve sudden short term symptoms by opening the airway and are also referred to as rescue inhalers. Use a spacer to help insure your medicine gets to your bronchioles and not your tongue or the back of your throat. The second medicine is the corticosteroid, sometimes called the controller, that helps to reduce the inflammation of the airway and is given by inhaler, or in pill form like prednisone or by injection. If you are given the inhaled kind then it should be taken 10 minutes after using the bronchodilator to help insure your bronchioles are open to better accept the steroid spray.

### STEWARDSHIP THOUGHT

When Jesus heard about the illness of His friend, Lazarus, He responded, "This illness does not lead to death; rather it is for God's glory, so that the Son of God may be glorified through it." Like CPR, **Mental Health First Aid** prepares people to interact with a person in crisis and connect them with help. Our **Experience Hope Training Institute** teaches basic restorative and trauma-responsive philosophies and practices.

Many people with mental health struggles find solace in their faith. But church members or staff may not know how to respond to their struggles or help in a crisis. This training offers tools and answers to questions like, "What do I do?" or "Where can someone find help?"

This course is appropriate for anyone who wants to learn how to help someone who may be experiencing a mental health-related crisis or problem. Participants can use the skills learned in their daily lives, including within their own families, churches, or neighborhoods.
