STEWARDSHIP THOUGHT

To be good stewards we must be good shepherds, willing to lay down our lives for those committed to our care, not mere hired hands who run off, "leaving the sheep to be snatched and scattered by the wolf."

PENSAMIENTO ADMINISTRATIVO

Para ser buenos administradores debemos ser buenos pastores, dispuestos a dar nuestras vidas por aquellos encomendados a nuestro cuidado, y no ser solamente manos contratadas que se fugan, "abandonando las ovejas para ser arrebatado y dispersos por el lobo"

Nurses Notes

Vitamins

Vitamin supplements, how much is enough or too much

Getting more than the recommended levels of vitamins and minerals can be just as serious as having deficiencies.

Your body will get rid of extra water-soluble vitamins (such as vitamins B and C) in urine. However, extra amounts of minerals and fat-soluble vitamins (vitamins A, D, E, and K) are stored in the body and can reach toxic levels if they're consumed in excess over a long period of time.

Also, high doses of certain vitamins and minerals can make other vitamins and minerals less effective and can interfere with some medications.

If you eat a balanced diet and take no more than a daily multivitamin supplement, it will be hard to "overdose." But consult your doctor before taking additional supplements or individual vitamins or minerals.
