STEWARDSHIP THOUGHT

Today’s reading from Revelation offers a vision of the City of God, the new Jerusalem. “but,” the bishops’ pastoral on stewardship reminds us, “that ‘life to come’ is in continuity with this present life through the human goods, the worthy human purposes, which people foster now.”

**LAST SUNDAY’S OFFERING/
OFRENDAS DE LA SEMANA PASADA**

“Weekly church collection results will no longer be posted in the bulletin. Instead, summary results for the previous month will be reported to the parish the first Sunday of each month.”

St. Anne is a “Fair Share Parish.” As a Fair Share Parish we ask those who are able to give a weekly fair share offering of **\$48.00**. We also ask those who are able to prayerfully consider giving extra share for those who are unable to give. For your convenience, Electronic Funds Transfer (EFT) forms are available. This is an easy way to give your fair share each week. Forms are available in the foyer and office.

Your generosity is your return to the Lord for his goodness to you. Make an investment in the reign of God today!

Catholic Action Principles

Lead by Example

Start acting immediately as the person you will be, a person of character with a sound reputation, a better Catholic. Your words, your manner, your attitude, your dress, your posture and your actions are all reflections. In modern society, people are constantly bombarded with visual and auditory messages. People need cues to sort good from bad and to find order so that they can make decisions. In many different aspects of your daily life, you are giving off cues that can be positive or negative. If courteous, work hard, volunteer and don't complain, in short, acting religiously, you give people the chance to view you in your best light.

You must never expect others to do what you would not do. You must be fair, firm, friendly and dependable. If you have to correct someone, do it in private. You have succeeded as a leader when your team works just as well in your absence. Be constantly on the lookout for heroes in your own life to admire and emulate. Adopt their styles. Then, lead by example.

-Bill FitzPatrick,

HAPPY MOTHER'S DAY

Please help us by making this a memorable celebration for Sister Barbara.

Nurses Notes Antioxidants

Getting Antioxidants in Your Diet

In the 21st century, people need to get more antioxidants in their diet to offset all these assaults, he says. "These toxins are ubiquitous in the environment. If you live in a city, you breathe the air. The oxidative burden [on the body] is much, much, much higher than it was 200 years ago. It's a fact of modern life, so we have to take that into consideration."

When you follow the USDA's advice to eat multiple servings of fruits and vegetables, you're compensating for the effects of environmental toxins. Your body simply doesn't produce enough antioxidants to do all that, says Blumberg.

What exactly do they do? Antioxidants work to stop this damaging, disease-causing chain reaction that free radicals have started. Each type of antioxidant works either to prevent the chain reaction or stop it after it's started, Blumberg explains.

Next Week - Types of Antioxidants

PLEASE- Remember to use the phone in the office or at the AV area in the hall and not a cell phone to call 911. Your cell phone will reach Sacramento CHP and precious time will be wasted.
