Nurses Notes

Life care planning

It's a sad fact that unexpected accidents happen every day. That's why it's important to know who would speak for you if you were ever unable to communicate your health care wishes. Choosing that person carefully and making sure they know what you'd want can take an enormous burden off of your loved ones. It could also help make sure that no matter what happens, your wishes will be respected.

Life Care Planning is a process of reflection and conversation about what's really important to you. It leads to the creation of a document called an Advance Health Care Directive. In this document, also known as an advance directive, you name who you want to be your health care agent (or decision-maker). You also cover what you'd want those future health care decisions to be.

During the life care planning process, you'd think about:

- Who you want to choose as your health care agent
What you think makes life worth living
What preferences you have about life-sustaining treatment(s)

Faith Community Nursing
Serving the community is our passion.

IN CASE OF AN EMERGENCY

PLEASE use the phone at the AV booth or in the office to call 911. Do not use your cell phone it will reach Sacramento CHP and precious time will be lost.

Volunteers must be at least 18 and have not suffered a close personal loss in the last 12 months. The commitment is usually 1-2 hours per week.
