## SERVE

### STEWARDSHIP THOUGHT

Today's Gospel calls us to consider how we serve God. Do we consume like the Pharisee who simply reclines at the table and expects to be served? Or, do we contribute like the woman who kneels before Jesus and washes His feet? Every day we must make a choice. Take or give? Consume or contribute? Recline or serve?

### PENSAMIENTO ADMINISTRATIVO

EL Evangelio de hoy nos llama a examinar cómo servimos a Dios. ¿Consumimos como el fariseo que simplemente se sienta a la mesa y espera ser servido? ¿O contribuimos como la mujer que se arrodilla ante Jesús y lava sus pies? Todos los días debemos tomar una decisión. ¿Tomar o dar? ¿Consumir o contribuir? ¿Descansar o servir?

Congratulations to our 2016 St. Anne  
Women's Fellowship Scholarship Winners!

Victoria Clements & Shannon Lamaestra

### Jubilee of Mercy

There is an aspect of mercy that goes beyond the confines of the Church. It relates us to Judaism and Islam, both of which consider mercy to be one of God's most important attributes. Israel was the first to receive this revelation which continues in history as the source of an inexhaustible richness meant to be shared with all mankind. ...Among the privileged names that Islam attributes to the Creator are "Merciful and Kind." This invocation is often on the lips of faithful Muslims who feel themselves accompanied and sustained by mercy in their daily weakness.

The videos in the Mercy Project series are available on the Jubilee of Mercy website: <http://jubileeofmercy-eb.org/> the videos focus on the Corporal Works of Mercy and the Spiritual Works of Mercy. Take some time to visit the website to view the videos and reflect on these two Works of Mercy by clicking on the links below the video.

### Jubileo de la Misericordia

Hay un aspecto de la misericordia que va más allá de los confines de la iglesia. Nos relaciona con al judaísmo y el Islam, los cuales ambos consideran la misericordia como uno de los atributos más importantes de Dios. Israel fue el primero en recibir esta revelación que sigue en la historia como la fuente de una riqueza inagotable para ser compartida con toda la humanidad. ... Entre los nombres privilegiados que Islam le atribuye al creador están "misericordioso y bondad." Esta invocación a menudo está en los labios de los fieles musulmanes que se sienten acompañados y sostenidos por la misericordia en su debilidad diaria.

Los videos en la serie de proyecto de misericordia están disponibles en el sitio web: <http://jubileeofmercy-eb.org/> todos los vídeos se centran en la obra Corporal de misericordia, alimentar al hambriento y el trabajo espiritual de la misericordia – Tómese su tiempo para visitar el sitio web para ver los vídeos y reflexionar sobre estas dos obras de misericordia haciendo clic en los enlaces debajo del video.

### *Nurses Notes*

#### **Are you really healthier than a 100-year-old?**

Looking at the outcome of the seventh-annual "United HealthCare 100@100 Survey" report, may cause baby boomers to ask themselves a rather curious question: "Am I healthier than a Centenarian?" This survey took a look at the habits, preferences, and lifestyles of 100 centenarians (people age 100 and older) and measured them against 300 baby boomers (aged 50-55) to pinpoint the differences and similarities between each group. Here is what they found by asking a few questions:

#### **1. Do I consistently eat a balanced diet complete with plenty of fruits, vegetables, lean proteins and complex carbohydrates?**

The connection between sound nutritional choices and good health has been scientifically proven countless times, but this message appears to have had more of an impact on the most long-lived members of our society than on those we consider to be middle-aged. 80 percent of centenarians reported that they maintain a healthy diet almost daily, while only 68 percent of boomers were able to agree with that same statement.

#### **2. Do I get eight hours of sleep every night?**

Catching z's for the recommended seven or eight hours each night has been linked to many positive health outcomes such as: reduced levels of stress, better cardiovascular health, and a decreased risk for depression. Yet only 38 percent of boomers say they get those eight hours, compared to 70 percent of centenarians. To be continued next week...
