STEWARDSHIP THOUGHT

Jesus is describing God's immeasurable generosity when He says in today's Gospel, "Whoever asks, received; whoever seeks, finds; whoever knocks, is admitted." But it should also be the description of us as Christian stewards – those seeking to follow Christ by using our gifts in service to others.

**LAST SUNDAY'S OFFERING/
 OFRENDAS DE LA SEMANA PASADA**

"Weekly church collection results will no longer be posted in the bulletin. Instead, summary results for the previous month will be reported to the parish the first Sunday of each month."

St. Anne is a "Fair Share Parish." As a Fair Share Parish we ask those who are able to give a weekly fair share offering of **\$48.00**. We also ask those who are able to prayerfully consider giving extra share for those who are unable to give. For your convenience, Electronic Funds Transfer (EFT) forms are available. This is an easy way to give your fair share each week. Forms are available in the foyer and office.

Your generosity is your return to the Lord for his goodness to you. Make an investment in the reign of God today!

Catholic Action Principles *Embody Integrity*

As a follower of the Catholic Action Principles™, you are proud, strong, friendly, generous and successful. As a good Catholic, many will seek your counsel. People will depend on you. Have faith and a belief in your cause. Know what you will fight for and what you won't. Do not compromise what is right. Stick to your convictions and principles as you allow your ethical values to direct your decision-making. Integrity goes beyond self-interest to moral courage. Lying only leads to more lying.

Keep your promises. Fulfill your commitments. People want to know where you stand and for what you stand. People respect honesty and sincerity, but hate hypocrisy. Be consistent. Speak in clear precise facts. Be sure your words match your deeds. Do what you say and your credibility builds. You cannot speak stronger words than, "I am a Catholic and I give you my word."

Celebration of the Sacrament of the Sick

"Is there anyone sick among you? Let him send for the presbyters of the church and let them pray over him, anointing him with oil in the name of the Lord. The prayers of faith will save the sick man and the Lord will raise him up. If he has committed any sins, they will be forgiven him." James 5:14-15

The Sacrament of the Sick is for all who are suffering from physical or mental illness, for those who will be undergoing surgery or elderly people who have become notably weakened even though no serious illness is present. Please join us on **Saturday, August 14th at 11:00 AM** in the CLC for Mass and anointing of the sick. Hospitality to follow.

Nurses Notes

Summer is here and things are "Heating Up"

SUNBURN

Sunlight can help our mental outlook and help us feel healthier. For people with arthritis, the sun's warmth can help relieve some of the physical pain. Many people also think that a suntan makes a person look young and healthy. But sunlight can be harmful to the skin, causing immediate problems as well as problems that may develop years later.

A sunburn is skin damage from the sun's ultraviolet (UV) rays. Most sunburns cause mild pain and redness and only affect the outer layer of skin (first-degree burn). The red skin might hurt when you touch it. These sunburns are mild and can usually be treated at home.

Skin that is red and painful and that swells up and blisters may mean that deep skin layers and nerve endings have been damaged (second-degree burn). This type of sunburn is usually more painful and takes longer to heal.

Long-term problems include:

- Increased chance of having skin cancer
- Increase in the number of cold sores
- Increase in problems related to a health condition, such as lupus
- Cataracts and macular degeneration from not protecting your eyes from direct or indirect sunlight over many years
- Skin changes such as premature wrinkling or brown spots

Your skin type affects how easily you become sunburned. People with fair or freckled skin, blond or red hair, and blue eyes usually burn easily. Your age also affects how your skin reacts to sun. The skin of children younger than 6 and adults older than 60 is more sensitive to sunlight.

Certain prescription medications can make you more vulnerable to sun damage. Read the labels on your medications and avoid sun exposure while taking them.

Next week- SUNBURN-PREVENTION

PLEASE- Remember to use the phone in the office or at the AV area in the hall and not a cell phone to call 911. Your cell phone will reach Sacramento CHP and precious time will be wasted.
