Then we can get it in the bulletin.

GROW

Our Catholic Life—The Human Journey of Faith

We invite all adults to come and join us as we explore the foundations of our Catholic faith. We will use Scripture and the Catechism of the Catholic Church as we will pray, study, share, and reflect on our vocations as Christians. Our program will be facilitated by Fr. Ron. The material was developed by Bill Huebsch. He is a leader in adult faith formation and our material is presented in accessible language for all. We will begin by considering the human heart. It is in our hearts that we find the longing that leads to faith. And we find that being with God is the only way to happiness. We will meet twice monthly in November at 7:00 PM in Room 1.

Vitamin D: 5 reasons it's good for you

There's solid evidence that vitamin D is important for your body. But about half of all Americans aren't getting enough of it.

Vitamin D can prevent bone loss. Also, if you aren't getting enough vitamin D, you may be increasing your risk for these 5 conditions:

- Diabetes
- High blood pressure
- Stroke
- Heart failure
- Some types of cancer

(Although studies show associations with these diseases, there is no proof that treatment with vitamin D lessens your risk, except that it helps decrease the risk of falls and fractures in older people.)

Our preventive care guidelines currently recommend 1,000 IU of vitamin D per day for women 18 and older and men 50 and older. Since vitamin D is actually a hormone, not a vitamin, it's not found in many foods.

An easy and safe way for adults to increase daily intake of vitamin D is to take a supplement with 1,000 IU every day. For more on this and other vitamins, visit the [natural medicines database](#).
